

Networking in the new normal

Having a strong network is vital to building a successful arbitration practice, yet traditional ways of communicating and networking continue to change and are becoming increasingly virtual in the new normal.

Join our global panel for an open forum discussion on strategies and best practices for networking in a virtual world. Our panelists will share their personal tips and insights on building and strengthening your network, learning to embrace technology, and the benefits of having a go-to elevator pitch.

Date and Time

Tuesday, December 1, 2020

9:00 am ET | 2:00 pm London | 10:00 pm Hong Kong
