### PROGRAM

For young arbitration practitioners, the learning curve for complex international construction arbitrations can be steep. In this four-part webinar series, construction experts from around the world will discuss the core concepts young arbitration practitioners should understand when tasked with overseeing complex construction disputes. This webinar series is a must for any young arbitration practitioners seeking to understand the ins and outs of construction disputes.

**Webinar 4: Delay, Disruption, Acceleration** – In the fourth webinar of the series, panelists China Irwin, Nader Emile, Sean D. Yates, and Steven G. Shapiro will discuss the key issues of delay, disruption, and acceleration, how these issues are dealt with contractually, and the resulting cost implications. The one-hour program will provide practitioners with the tools to identify potential delay and disruption issues as they arise on a project and to properly assess time-related claims.

### SPEAKERS

**China Irwin**

*LALIVE*  
Geneva
